R.K. RAMAN

MD & Founder
EAD Educational Group
13+ Years Teaching Experience

Dear Students,

Looking at our achievements over the past decade under the EAD Group, and recognising the needs of students who aspire to join the Indian Armed Forces through various entries, I decided to establish Tejash Defence Academy in Dehradun.

An academy that is trustworthy — because trust is the most valuable asset in today's world, and we are here to earn yours through this new venture.

If intentions are backed by an optimistic attitude, good people from successful backgrounds start uniting for a better purpose. That is why we have built a team of the best talent to shape your future and guide you to the right path.

Once you join us, your worries end — and our work begins in full swing.

We offer all the courses that help you pursue your dream of a disciplined, uniformed, and adventurous life in the Armed Forces.

Best of Luck,
R.K. Raman

JAI HIND,

When children are young, they may not yet know their future goals. But if a dream is seeded early, it becomes easier to achieve — provided that the child's own interest is recognised.

Parents who wish their children to serve the nation — in the Indian Army, Air Force, or Navy — must nurture them with this goal from an early age. Discipline, time management, and rising early must become part of daily routine from childhood.

Always remember — if you want to join the Indian Armed Forces, there is no room for excuses. There is only Victory.

Work hard — not just sincerely, but with full depth and dedication. If you feel you cannot complete the race on time, it means you're not running with your heart. But if you run with full spirit, you will finish before time.

I have taught at many reputed defence coaching institutions across North India. Currently, I handle Mathematics for NDA Foundation, NDA, CDS, AFCAT, Air Force (X/Y), Navy, and Coast Guard aspirants.

I'm fully committed to giving my best to every student.
